DELIGHTFUL MOMENTS.

WHIRLPOOL 2016 RANGE

**WHIRLPOOL CORPORATION IS THE #1 SELLING
MAJOR APPLIANCE MANUFACTURER IN THE WORLD.**

**WITH NEW TECHNOLOGIES BUILT BY
THE EXPERTS THROUGHOUT THE WORLD**

.....

Operating in more than 170 countries throughout the world, we bring to you the leading technologies from 70 manufacturing & technology centres in USA, Brazil, Europe, India, China & South Africa.

BRING OUT THE CHEF IN YOU.

Being a chef has never been this easy. Now get chef like cooking results with the new JetC World Series microwave ovens powered by 6TH SENSE® **HumiditySensor** Technology. It detects moisture variations in the food and automatically adjusts the cooking parameters to give you chef like cooking results. JetC World Series blends European design and intelligent technology to bring out the inner chef in you.

New advanced 3D Crisp with Grill and European Crisp Pan heats up from 0-210°C in just two minutes*, giving perfectly crisp dishes with professional results.

A controlled simmering process that provides the right balance of taste, texture and nutrition results for international steamed dishes.

Senses the weight of the food and automatically sets the best cooking parameters for perfect balance of weight and nutrition.

With its pre-set temperature of 175°C along with true forced air, it bakes your cakes perfectly and evenly.

With the Bread Defrost function, you can take your bread from frozen to fresh at the touch of a button.

Enables the use of large cooking utensils.

Gives the user instructions for international recipes for easy and convenient cooking.

*Results shown are based on internal lab testing done on select models under standard conditions and may vary depending on test conditions and actual usage.
